PROFILE

I am Mohsin Ejaz, a BSCS student at the University of Baltistan, Skardu, with a strong passion for web development. I am a skilled frontend developer, proficient in creating responsive and user-friendly interfaces. Currently, I am expanding my expertise by learning the MERN stack to build full-stack applications. I am dedicated to enhancing my coding skills and staying updated with the latest technologies. My goal is to develop innovative solutions and contribute to the tech industry.

WORK EXPERIENCE

Intouch Solutions Skardu   2024 - PRESENT
Frontend Developer

- I am currently working at Intouch Solutions Skardu as a frontend developer, where I create responsive and user-friendly web applications.
- My role focuses on building dynamic interfaces using modern frameworks and ensuring seamless user experiences.
- At Intouch Solutions, I am also enhancing my skills by collaborating with a talented team and staying updated with the latest frontend technologies.

EDUCATION

BSCS   2023 - Present
University of Baltistan Skardu
